SECTION - C

12. Compulsory Case Study:

(1×15=15)

As a part of ongoing HRD strategy, A global distribution company organized in house HRD audit training programme to train their managers in the theory and practice for conducting internal HRD audit. Two days training programme was carefully prepared, organized and implemented by organization with the help of external trainer and HRD consultants. Research carried out at the end of the training that every manager is involved and expressed their satisfaction with Audit training program. Managers went back to their department to carry out their future work, related to first set of annual audit meeting with employees. After few months in operation, it was discovered by accident that number of managers were ineffectively operating the documentations and auditing systems. Other admitted that they were playing lip service to the system. Subsequent reviews with employees found that significant problem in the system and implementation and effectiveness of training was seriously undermined.

Questions:

1. Discuss the factors which may have led to audit program failure
 2. Where the company went wrong in evaluating the success of audit program/Discuss
 3. Suggest the strategies organization must implement to make HRD audit system successful.
